

ABHE LEADERSHIP DEVELOPMENT FUND

A DISTINGUISHED LEADERSHIP CORPS

The many strong, growing, and effective institutions of the ABHE movement are led and served by a corps of exceptional leaders. These are men and women who have developed the capacity to be highly effective in their respective spheres of responsibilities. This distinguished leadership corps did not happen by accident. There has been a sustained effort by ABHE to prepare men and women to serve their institutions with excellence. And that focus is sharper now more than ever.

UNIQUE LEADERSHIP DEMANDS

Effective 21st century biblical higher education institutions need leaders who understand the unique demands that face the chief officers of every institution. These are highly specialized fields of service and the success of every institution depends upon the capacity and competency of these vital leaders. Every institution needs a highly competent corps of chief officers in order to reach their greatest potential for Kingdom service and global gospel impact. We also know that the best and most effective leadership development for each succeeding generation of leaders is both intentional and strategic.

A GROWING LEADERSHIP CORPS

ABHE is resolute in its commitment to serve member institutions with the best of specialized leadership training for her entire corps of chief officers. We are growing an excellent leadership corps for the ABHE movement and we warmly invite your partnership in this dynamic adventure. As we sharpen the competency and expand the capacity of our institutional leaders, this rising tide of excellence will lift the effectiveness of all institutions; we will all succeed and be more effective as we together grow the leadership corps of the ABHE movement.

A PROVEN TRACK RECORD

For over sixty years, ABHE has provided professional accreditation services for member institutions, recognizing and enhancing the quality of postsecondary educational institutions in biblical higher education. For the last several years, major efforts have been made to target specialized training for newer officers from member institutions. Over \$100,000 has been invested in workshops and training conferences for each of the various chief officers, initiatives that as of this year, have totally depleted the balance of our ABHE Leadership Development Fund. Your partnership is vital in order to continue these initiatives that are transforming the leadership corps of the ABHE movement. Your partnership is needed now more than ever. New leaders are needed by institutions across the movement and we must prepare a new leadership corps for this new day of service.

A RENEWED PARTNERSHIP

Will you consider renewing your partnership with ABHE in our combined efforts to offer high caliber training events for all of the chief officers that are vital to institutional success? The vision is clear and compelling. We must prepare a growing and effective leadership corps for the ABHE movement that will lead our member institutions to new and higher levels of institutional effectiveness. And there are no areas more vital in this leadership development process than for the officers who oversee the two primary revenue streams for each institution – enrollment management and resource development. With your help, growing venues of professional leadership development will be offered for all institutions that will provide specialized training unique and vital to biblical higher education. **But your partnership is essential.**

COUNT ME IN FOR LEADERSHIP DEVELOPMENT!

I believe in the ABHE Vision for Leadership Development
